

SMART GRID CENTER
TEXAS A&M ENGINEERING EXPERIMENT STATION

Advisory Board Member

Mr. Cameron Smallwood

CEO and General Manager, United Cooperative Services.

Cameron Smallwood is the CEO and General Manager for United Cooperative Services, a member-owned electric cooperative delivering electricity to more than 82,000 meters in 14 counties adjacent to Fort Worth. He has more than 23 years of experience in engineering and technology in the electric utility industry.

He graduated from Texas A&M University, College Station with a B.S. in Bioengineering, Electrical Engineering Emphasis, and graduated from the Georgia Institute of Technology with a M.S. in Electrical and Computer Engineering.

He is a senior member of IEEE and is a registered professional engineer in the State of Texas. He is actively involved in the electric utility industry through involvement in several advisory committees for Texas Electric Cooperatives, IEEE and the National Rural Electric Cooperative Association. He also is considered a leader in electric utility technology application and has published many papers and delivered many presentations across industry events.

In 2011, he was selected as a winner of the IEEE PES Distribution Automation Award for his work in implementing technology and automation at United Cooperative Services.
